

ATLANTIS

*Improved resilience of critical infrastructures
against large scale transnational and systemic risks*

Innovation Action

38 Partners

11 CI Operators

6 CI Authorities

10 Countries

3 Large Scale Pilots

12.7 MEUR Total Cost

LSP#1: Cross-Border/Cross-Domain LSP in Transport, Energy, and Telecoms

LSP#2: Cross-Domain LSP in Health, Logistics/Supply Chain, and Border Control

LSP#3: Cross-Country LSP in FinTech/Financial

MISSION #1

Improving knowledge on large-scale vulnerability assessment and long-term systemic risks management in ECIs.

MISSION #2

Improving the systemic resilience of ECI through novel, adaptive, flexible, and customizable security solutions based on AI.

MISSION #3

Facilitating effective cooperation among CI operators and authorities while preserving CI autonomy and sovereignty.

MISSION #4

Delivering AI-based solutions (TRL7) for increased awareness, capability, and cooperation in managing systemic threats.
